

# Guide to the David R. Proper Research Collection

## PVMA Library

In 1969, David Proper (1933-2014) became the first professional librarian of the Heritage Foundation (now Historic Deerfield) in Deerfield, Mass., having previously worked at the Essex Institute and Keene State College libraries. David was instrumental in organizing the libraries of Historic Deerfield and the Pocumtuck Valley Memorial Association into the Memorial Libraries, the umbrella term for the two collections housed adjacent to PVMA's Memorial Hall Museum. He served as librarian for the two organizations until his retirement in Dec. 1995. David spent most of his life in Keene, NH, and was the author of more than 2,000 articles on local history for the *Keene Sentinel* that were later compiled and published as two volumes.

David's interests in history, clocks, genealogy, Shakers, and early band music are reflected in the holdings of the Historic Deerfield Library and in his research projects.

### Container List:
